

High School students of Westbury Christian School are required to perform School/Community Service each semester as a part of their graduation requirements. This service is to be for the benefit of others and must not provide the student with any benefit other than the satisfaction of helping others (and satisfying the school/community service requirement of Westbury Christian School). Working at jobs for which students are usually paid is not school/community service (i.e., babysitting for an individual family for free, cutting grass for some individual for free, etc. DOES NOT COUNT). This form is made available to students so that they can get verification from an adult sponsor of their hours spent doing community service. If the school has any questions about the form and/or the work, we may call you to discuss the work that was done. The information needed to verify the school/community service is set forth below.

Westbury Christian School appreciates the time and effort that you are giving to help young people learn the value of community service by experiencing it first hand.
