Developing the Next Generation of Christian Leaders

We are wise in leadership, intelligently pursuing courageous purpose and vision. Starting in 9th grade, students start working with our Guidance Director for advised course selection, college application process, standardized testing, scholarship opportunities, financial aid and more.

Diversity like the Kingdom

We are diverse like the Kingdom, contributing our unique backgrounds, talents, and experiences in growing together. Spiritual growth is intertwined in academics, athletics, fine arts and clubs. We aren't merely a school focused on preparing students for college. We are equipping students to be people of influence, future leaders and kingdom builders, ultimately developing their faith and preparing them for here and eternity.

“

Your children are going to genuinely invested in by their teachers. Your children will be safe and well taken care of. They will get the education and spiritual guidance they need. WCS has met every expectation I would want for my sons.
