Player development should align with the varsity program's foundational philosophy to ensure continuity through the middle school and high school levels.

- Comply with all Houston Area League Play rules for 6 man football, regulations, eligibility requirements, and sportsmanship standards, as well as all policies established by Westbury Christian School.
- Follow guidelines related to scheduling, player participation, safety, and competitive conduct while supporting the developmental nature of middle school athletics.
- In preparation for future participation at the Texas Association of Private and Parochial Schools (TAPPS) level, intentionally align instruction, terminology, practice structure, and expectations with the standards of the high school football program.

- Work collaboratively with the Head Football Coach, Athletic Director, and other football staff to ensure consistency in terminology, techniques, and expectations across the program. This includes attending meetings, participating in professional development, and implementing systems that prepare athletes for a smooth transition into the high school football program.
- May assist with camps, clinics, and program-building initiatives designed to grow participation and skill development.
